Parks Brochure

The Parks Protection Service

The Parks Protection Service are part of the Parks and Open Spaces Service and work specifically in our sites. The team work 7 days a week and cover key times throughout the day and evening. They are based centrally in the borough at The Lodge in Raphael Park and travel using motorbikes and an off-road vehicle. Therefore they can respond to incidents quickly and can effectively patrol our sites.

Their main purpose is to make the borough's parks and open spaces safe and pleasant places for people to visit. This involves regular targeted patrols, enforcing byelaws and other relevant legislation and liaising with the community. They also work in partnership with the police, ambulance service, fire service and borough dog warden.

For any concerns with anti-social behaviour or criminal activity in our parks or open spaces please do not hesitate to call them.
